Liberty Sponsored Insurance (Vermont), Inc.
Get the benefits of captive insurance without the hassle

Liberty Sponsored Insurance (Vermont), Inc. (LSIV) was created for customers who want the advantages of a captive insurance company solution without the challenges of forming their own. LSIV delivers access to Liberty Mutual’s vast array of commercial insurance products and a high-quality captive insurance facility with established, expert service providers.

How does the captive work?
LSIV provides an incorporated protected cell (IPC) structure by forming an IPC and executing a participation agreement. Each IPC is a distinct legal entity, with its risks segregated from those of other cells. Policies issued by Liberty Mutual and its affiliates or subsidiaries, including Ironshore, are reinsured to the IPC.

Why establish an incorporated protected cell with LSIV?
• Lower start-up and operating costs than you would have with a stand-alone captive
• An established facility and expert service providers that make implementation easy
• Access to the reliable resources of a Fortune 100 company
• Fronting from a global property and casualty leader
• Individually tailored investment options developed with a professional investment manager
• Collateral through a reinsurance trust with a reliable, NAIC-approved financial partner
• Incorporation in the leading U.S. captive domicile, with an excellent governance and regulatory record

Ready to go beyond business as usual?
Liberty Mutual offers a full range of commercial lines products and services designed to meet the needs of large, mid-size, and small commercial customers. For more information on our captive services or other risk solutions, please contact your Liberty Mutual representative.

Partner with Liberty Mutual, and you benefit from the financial strength, security, and capacity of a Fortune 100 carrier. Go beyond business as usual.
